ANGLE GRINDER
BRUSH-LESS
100MM / 1200W
F AGBL 100-12

Double Insulation

*12 MONTHS WARRANTY 400 HRS

DUST & WATER TESTED

- **NO-CARBON-BRUSH (Brushless)** Electric Motor
- **LOW MAINTENANCE COST** due to minimal motor parts wear-out
- **Powerful 1200w**, Double Insulation **Brushless** motor
- **Soft-Start** helps reduce starting jerk and improves hand control of machine
- **Auto-Start-Protection** prevents accidental start of machine in case of power outage and re-start
- **Soft-Press Switch** gives long life and ease of operation
- **Light Indicator** glows until 400 hours warranty period
- **All Japanese** Bearings for long tool life and less maintenance
- **Light-weight, Low-noise, Low-vibration –** Less fatigue to operators

Ultra Slim Body

1.45 Kgs Weight

Most suited for:

- ✓ Stone cutting, grinding & edge profiling
- ✓ Concrete cutting, grinding & edge profiling
- ✓ Heavy-duty Engineering applications in steel & other metal grinding & cutting application
- ✓ Polishing & finishing applications
- ✓ Similar heavy-duly applications

Machine #113

Packing: 6 Pcs./Carton

SPECIFICATIONS:

DISC DIAMETER	: 100MM
SPINDLE	: M10
Rated Input Power	: 1200W
Rated Voltage	: 220~240V
Rated Frequency	: 50 Hz
No-Load-Speed	: 11,000 RPM

DOUBLE INSULATION

ALSO INCLUDE:

1) WHEEL GUARD
2) SIDE HANDLE

MY TOOLS – MY TRUST

12V CORDLESS DRIVER DRILL

10mm / 22N.m / 2-Speed

F CDD 10-12V

6 MONTHS WARRANTY

- **12V DC Motor** delivers powerful **Drilling, Driving & Fastening** performance
- **Work-Output in single re-charge:**
  - 220 nos. 6*50mm self-tapping screw fastening in pine wood
  - 30 holes in 40mm Pine wood block using 20mm Flat Wood Drill Bit
  - 32 holes in 5mm thickness MS sheet using 6mm dia HSS Drill bit
- **2.0Ah Li-Ion Battery-pack** ensures approx. 40 minutes normal working in a single re-charge
- **2 nos. Battery-pack** with each machine – One battery-pack is running and 2nd battery-pack is re-charging
- **22N.m Torque,** Thanks to robust gear-box and large-gears-set tool construction
- **2-Speed function** for varied rotation speed, impact frequency and torque – suitable for a variety of fastening and drilling jobs.

Most suited for:

- ✓ Woodworking and Carpentry- Drilling pilot holes and Driving Wood-Screws
- ✓ Metalworking and Fabrication- Drilling holes in metal, Driving metal screws:
- ✓ Furniture Assembly and Installation- Driving furniture screws for assembling and installing furniture, Tightening furniture bolts
- ✓ Automotive Maintenance- Loosening bolts and nuts for maintenance and repairs, Tightening fasteners

Machine # 90

Packing: 6 Pcs./Carton

SPECIFICATIONS:

Battery: Li-Ion	
Capacity:	12V / 2.0Ah x 2nos.
Chuck Capacity:	1.5- 10mm
Max. Screw Dia. :	7mm
Max. Drilling Dia.:	Steel: 10mm
	Wood: 20mm
No-Load-Speed:	Low: 0-400rpm
	High: 0-1300rpm
Torque Setting:	15+1
Max. Torque:	22Nm

DOUBLE INSULATION

Includes:

1 Pc. Screwdriver Bit

FREE! ONE PAIR OF CARBON BRUSH

MY TOOLS – MY TRUST

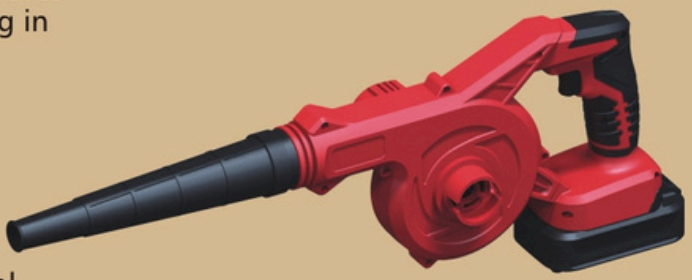

12V CORDLESS BLOWER (Variable Speed)

2.0Ah

F CBL-VS 18V

6 MONTHS WARRANTY

- **18V DC Motor** delivers powerful performance
- **2.0Ah Li-Ion Battery-pack** ensures approx. 20 minutes air-blowing in a single re-charge
- **2 nos. Battery-pack** with each machine – One battery -pack is running and 2nd battery-pack is re-charging
- **Light-weight** yet powerful tool construct
- **Variable-Speed** – Press-Control Variable speed trigger switch
- **Easy-access switch** – built in the handle for single hand working
- **Lock-On** feature – Allows continuous air-blowing
- Versatile **Two-tools-in-one:** Quickly converts to a vacuum

Most suited for:

- ✓ **Dusting and cleaning** : Ceilings, fans, AC vents, machines, equipment, etc. Blowing air after concrete cutting, stone carvings, etc.
- ✓ **Drying and Evaporation** : Floors, walls, cement joints, drying paint, ink, or adhesives
- ✓ **Inflation and Sealing**
- ✓ **Industrial and Commercial** building & offices maintenance
- ✓ **Agricultural** - Drying crops, grains, fruits, and vegetables
- ✓ **Horticultural** - Removing dry leaves and twigs, from greenhouses and gardens.

Machine # 91

Packing: 4 Pcs./Carton

SPECIFICATIONS:

Battery : Li-Ion

Capacity: 18V / 2.0Ah

Wind Volume: 1.6 - 3 CMM

No-Load Speed:0-13000 rpm

Includes:

1 Pc. Dust collection bag

FREE! ONE PAIR OF CARBON BRUSH

18V CORDLESS TILE VIBRATOR (Variable Speed)

2.0Ah

F TV 130-VS

6 MONTHS WARRANTY

- **18V DC Motor** delivers powerful performance
- **2.0Ah Li-Ion Battery-pack** ensures long-periods of vibration function for continuous work for hours
- **2 nos. Battery-pack** with each machine – One battery-pack is running and 2nd battery-pack is re-charging
- **Single-Lever** for tile lifting & resting function – Easy to operate
- **Large 130mm Dia Section Base** – Suitable for all sizes Tiles
- **Variable-Speed Regulator** – Controlled vibration delivery
- Aux. **Hand-Rest** Handle facilitates **balance pressure apply** on tile during installation
- **Lock-On** feature – Allows continued vibration delivery

Most suited for:

- ✓ **Tile Installation-** Removing air pockets, Consolidating tile adhesive to prevent uneven settling
- ✓ **Flooring and Paving-** Compacting flooring materials, Settling paving materials
- ✓ **Ceramic and Porcelain Production-** Vibrating ceramic or porcelain materials to remove air pockets, Improving material uniformity

SPECIFICATIONS:

Suction Cup Dia:	130mm
Battery:	Li-Ion
Capacity:	18V, 2.0Ah x 2pcs.
Vibration Frequency:	0- **7500/min**

Also Include:

- 1pc. Charger
- 1pc. Auxillary battery

Machine # 66

Packing: 4 Pcs./Carton

20V CORDLESS IMPACT WRENCH (Brushless) 12.7mm/600N.m/3-Speed F CBIW 12-600

6 MONTHS WARRANTY

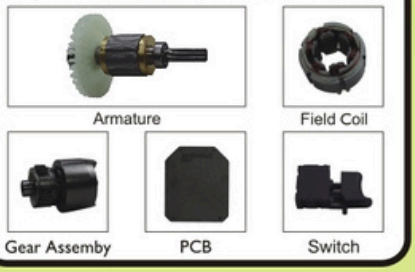

- **20V BRUSHLESS Motor** delivers powerful performance and long-life
- **4.0Ah Li-Ion Battery-pack** ensures approx. 80 minutes normal working in a single re-charge
- **3A "Fast Charger"** needs less than 80 minutes for full charging
- **2 nos. Battery-pack** with each machine and Fast-charger means "No Waiting"for battery re-charging – One battery-pack is running and 2nd battery-pack is re-charging
- **600N.m Torque,** Thanks to robust gear-box and large-gears-set tool construction
- **3-Speed function** for varied rotation speed, impact frequency and torque – suitable for a variety of job requirements

Most suited for:

- ✓ Standard Bolt : M10 – M24
- ✓ High-Tensile Bolt : Mr10-M16
- ✓ Removing and tightening lug nuts on automotive wheels during tire changes
- ✓ Loosening stubborn fasteners on parts & components
- ✓ Assembling and disassembling construction scaffolding
- ✓ Installing decking and other structural components
- ✓ Applications in Assembly lines where high torque is required

MY TOOLS – MY TRUST

ELECTRIC DRILL
(Metal Gear Box)
10MM / 600W
F EDM 10 - 60

Double Insulation

6 MONTHS WARRANTY

DUST & WATER TESTED

- **Best-In-Class Powerful 600W** – Double Insulation Motor
- **Metal Gear-Box** allows heavy-duty drilling for long periods
- **Reverse / Forward** Rotation allows easy drill withdrawal / removal
- **Variable Speed** Regulator facilitates **"controlled" Drilling & Fastening** in different materials
- **Lock-On** Switch for continuous working
- **Industrial Level** machine construct
- **Branded chuck** gives longer chuck working life
- All **branded bearing** construction – low noise, low vibration

Most suited for:

- ✓ Drilling holes (with suitable High-Speed-Steel Drill bits) in sheet metal, MS plates, angles, squares & tubes
- ✓ Drilling holes (with suitable Wood-Drill Bits) in ply-wood, wood-panels, particle boards
- ✓ Fastening / un-fastening Screws in Metal, Wood, Plastic materials.

Machine # 11

Packing: 6 Pcs./Carton

SPECIFICATIONS:

Drill Capacity:	10mm-Steel, 19mm-Wood
Rated Input Power:	600W
Rated Voltage:	220 ~ 240V
Rated Frequency:	50 Hz
No-Load-Speed:	0-2800 rpm

ELECTRIC IMPACT WRENCH (HIGH TORQUE)

12.7mm (1/2")/450w

F EIW 20-450 HT

Double Insulation

6 MONTHS WARRANTY

DUST & WATER TESTED

- Powerful 450w – Double Insulation Motor – Safe Tool for the **workman**
- 380 Nm torque power (rotational force) delivery by tool with minimum exertion by the **workman**
- Big Gears and Counter Gears ensure long machine & parts life
- High Impact Rate – Wrench delivers quick torque pulses, meaning higher **workman** productivity
- Robust Gear-box construction for handling challenging work conditions
- Soft-grip handle reduces **Workman** fatigue

Most suited for:

- ✓ Removing and tightening lug nuts on wheels during tire changes
- ✓ Loosening stubborn fasteners on parts & components
- ✓ Assembling and disassembling construction scaffolding
- ✓ Installing decking and other structural components
- ✓ Applications in Assembly lines where high torque is required
- ✓ Tightening large bolts on machinery
- ✓ Machine maintenance and repair

Machine # 109

Packing: 5 Pcs./Carton

SPECIFICATIONS:

Square Drive :	12.7x12.7mm
Rated Input Power:	450w
Rated Voltage:	220 ~ 240V
Rated Frequency:	50 Hz
No-Load-Speed:	1700-1900 RPM
Rated Impact Frequency:	2400 IPM
Max. Torque:	380 N.m

New

BANDSAW - PORTABLE (VARIABLE SPEED)

127MM / 1100W

F BS 127-1100 VS

Double Insulation

6 MONTHS WARRANTY

DUST & WATER TESTED

- **Cutting Capacity 127mm** Square & Round Bars, Angles, Tubes, Sections, Cable, etc.
- **Variable Speed** allows adjustable cutting speed to accommodate different material and blade types
- **45 Degree body tilting** for bevel cutting
- **Cold-Cutting** facilitates minimum sparking with no burnishing marks
- **LED Light** for work piece illumination
- Versatile **'Hand-held'** and **'Stand-mounted'** options
- **Precision Cutting** with minimal material loss
- **Safety Features** like blade guards, blade lock, machine lock

Most suited for:

- ✓ Steel bars, angles, rods cutting at construction sites
- ✓ Clean, burr-free, cold-cutting of power cable, tele-com wire during underground cable work
- ✓ Stainless steel, nonferrous tube, sections cutting in fabrication work
- ✓ Wood Cabinet and furniture making

Machine #117

Packing: 1 Pcs./Carton

SPECIFICATIONS:

Cutting Capacity:	: Square-127x127mm : Round-127mm(5")
Rated Input Power	: 1100W
Rated Voltage	: 220~240V
Rated Frequency	: 50 Hz
No-Load-Speed	: 0.7-2.4 m/s

DOUBLE INSULATION

ALSO INCLUDE:

-Bi-Metal BandsawBlade-2Pcs
-Allen Key
-Machine supply with stand

CIRCULAR SAW
180MM / 1400W
F CRS 7-140

Double Insulation

6 MONTHS WARRANTY

DUST & WATER TESTED

- **Most-Powerful-In-Class 1400W** – Double Insulation Motor – **Safe Tool** for working in high moisture environment
- **63mm (approx. 2.5") Cutting Depth** – Sufficient to cut all types of Ply-wood sheets, wood panels, etc.
- **45 Degree Bevel Base Plate** – allows angular cutting
- **Robust** housing body & gear-box construct
- **Heavy base**-plate for easy forward movement and stable cutting
- All **branded bearing** construction – low noise, low vibration

Most suited for:
- ✓ Cutting ply-wood and particle-wood boards
- ✓ Cutting wood panels
- ✓ Making grooves in all the above materials and surface types

Machine # 18

Packing: 4 Pcs./Carton

SPECIFICATION

DISC DIAMETER	:185MM
RATED INPUT POWER	:1400W
RATED VOLTAGE	:220V
RATED FREQUENCY	:50Hz
NO LOAD SPEED	:5,500RPM

ALSO INCLUDES
WHEEL SPANNER & KEY
AUXILIARY HANDLE

DEMOLITION HAMMER

5 KG / 1300W / 25 J

F DH 5-13

Double Insulation

6 MONTHS WARRANTY

DUST & WATER TESTED

- **5 Kg Class** Breaker
- **21 Joules** Impact Energy
- **17mm HEX** Tool Holder
- **1300w** Double Insulation Motor
- **Anti-Vibration handle** - Minimizes workman fatigue
- **All-Allen-Screws** tool construction – Most-Robust-Tool-In-Class
- **360° Rotating Soft-Grip Side Handle** enables easy machine holding while drilling
- **Easy-access Switch** built inside handle enable single handle working
- **Out-side Carbon-Brush window** for easy access
- **Branded Bearings** for low noise & low vibration

Most suited for:

- ✓ **Chipping / Chiselling** Concrete, Masonry, Mortar and Debris
- ✓ **Scrapping / Removing** Cement plaster, adhesive, paint coating from wall
- ✓ **Demolition & Breaking** bricks block, stone structure, floor, walls & foundries
- ✓ **Breaking & Removing** asphalt & pavement bricks

Machine # 26

Packing: 2 Pcs./Carton

SPECIFICATIONS :

Tool Holder	:17mm Hex
Rated Input Power	:1300w
Impact Energy	: 21 Joules
Impact Rate	: 3600 bpm
Rated Voltage	: 220~240V
Rated Frequency	: 50 Hz
Double Insulation	

Also Includes:
-Auxillary handle
-1Pc. Chisel-Pointed
-1Pc. Chisel-Flat
-1 Pc. Chisel-Spade
-1Pc Spanner

FREE! ONE PAIR OF CARBON BRUSH

New

DEMOLITION HAMMER
11-E
11 KG / 1500 W / 25 J
F DH 11-E

Double Insulation

6 MONTHS WARRANTY

DUST & WATER TESTED

- Powerful 1500W – Double Insulation Motor – **Long Life Motor**
- **Time-tested machine construction** with high quality parts for reliable performance
- **12-Positions** Chisel Holder – Easy to manoeuvre tools for effective breaking
- **Variable-Speed** Governor for controlled chiselling / breaking performance
- Each machine is supplied with two (2) SDS-Max Chisels – **Ready-to-use Tool**
- Strong, **Plastic carry-case** – easy portability of machine and accessories

Most suited for:

- ✓ Breaking up large & thick concrete structures, such as foundations, slabs, columns, beams, etc.
- ✓ Demolition of concrete structures, masonry & brick walls, Chiseling on concrete and masonry & brick walls
- ✓ Cutting, de-burring, cleaning, hole-making, edge cutting and demolition of masonry, brick & light concrete structures
- ✓ Breaking large stone into small, manageable pieces

Plastic Carry-Case

Machine #112

Packing: . SinglePc./Carton

SPECIFICATIONS:

Tool Holder : SDS MAX
Rated Input Power : 1500W
Impact Energy : 6-25J
Impact Rate : 900-1300 bpm
Chisel Positions : 12 positions
Concrete Removal Capacity : 490kg/h
Rated Voltage : 220 ~ 240V
Rated Frequency : 50 Hz
DOUBLE INSULATION
Also Include:
- Spanner : 1 Pc.
- Oil Box : 1 Pc.
- Flat Chisel : 1 Pc.
- Pointed Chisel : 1 Pc.

DIAMOND CORE DRILL (HAND-HELD)

90-135MM / 2000W

F DCD 90R - 2000

Double Insulation

6 MONTHS WARRANTY

DUST & WATER TESTED

- **Most-Powerful-In-Class 2000W** – Double Insulation Motor – Safe for working in water soaked conditions
- **Sturdy Tool Construct** provides high-torque and feed speed for fast drilling
- **Variable Speed** Regulator - Controlled drilling speed
- **Lock-On** Switch - For continuous working
- **Universal 1.1/4"-7 UNC** Spindle - Can handle heavy-duty drilling
- **Safety-clutch** System – Protects against mechanical overload
- **Overload-protection circuit** - Protects motor
- **Water Cooling & Lubrication system**
- **Soft Shoulder Pad** - For comfortable machine push
- All **branded bearing** construction – low noise, low vibration
- **DRILL STAND ALSO AVAILABLE**

Most suited for:

- ✓ Construction and Building- Drilling holes in concrete for pipes, conduits, and anchors in foundations, walls, and floors.
- ✓ Brick and block drilling for plumbing, electrical installations
- ✓ HVAC, pipes & vent installation for air conditioning units
- ✓ Electrical and Telecommunications conduit, Fiber optic installation
- ✓ Machine installation: Drilling holes for machine anchors, pipes, and conduits in industrial settings
- ✓ Glass and Ceramic drilling
- ✓ Material sampling: Drilling holes in various materials for sampling and testing purposes.

SPECIFICATIONS:

Max Drilling Dia:	
- Reinforced Concre	90mm
- Concrete:	135mm
- Bricks Wal1:	135mm
Spindle:	11/4"-7UNC
Rated Input Power:	2000w
Rated Voltage:	220~240V
Rated Frequency:	50 Hz

RING-SAW (BRUSHLESS)
410MM / 4000W
F RS-BL 16-400

Double Insulation | 6 MONTHS WARRANTY | DUST & WATER TESTED

- **Brushless Motor** - Minimum maintenance
- **4000W - Powerful motor**
- **Constant Speed -** Uniform cutting speed under load conditions
- **Long, D-Shape Handle -** Easy machine holding - away from body
- **Light-Weight -** Less tiresome for long working hours
- **Secure Grip:** Toothed inner circumference firmly holds the blade, preventing slippage
- **Smooth Control:** Reduces breakage.
- **Safe Use:** Minimizes kick-back.
- **Load-Indicator -** Greed, Yellow & RED light to display load conditions

Applications:

- ✓ Cutting Brick, Masonry walls
- ✓ Cutting AAC Blocks Wall
- ✓ Create Control joints in concrete, asphalt surface
- ✓ Making deep grooves in all the above materials and surface types

Machine #130

Packing: 1 Pcs./Carbon

SPECIFICATIONS:

Disc Diameter	: 410mm (16 Inch)

TRACK WALL-CUTTER (BRUSHLESS) 710MM / 4200W F TWC-BL 28-420

Double Insulation

6 MONTHS WARRANTY

DUST & WATER TESTED

- **Highest Safety - No machine throwback** – Completely safe for operators!
- **Easy to operate** - Machine & Blade mounted on tracks, fixed to the wall
- **Brushless Motor** -Durability and Low Maintenance
- **High Cutting Depth –** 305mm (12inch)
- **Levers for cutting depth** adjustment and for machine's forward movement
- **Precision Cutting** – Thanks to wall-mounted track for machine movement – no-manual handling of machine
- **Soft-Start** – Ensures controlled initial cutting
- **Diamond Blade –** Each machine supplied with high-performance 710mm Diamond Blade

Applications:

- ✓ Cutting Brick, Masonry walls
- ✓ Cutting Concrete / Reinforced-Concrete slabs, columns, beams
- ✓ Create Control joints in concrete, asphalt surface
- ✓ Making deep grooves in all the above materials and surface types

Machine #126

Packing:

1 Full Set of machine comprises of :

- 1 Pc. Cutter machine
- 1 Pair of Track with 1 pc.
- Control unit and brackets
- 1 Pc. 710mm Diamond Blade

Full Set packed in 3 Carbons

SPECIFICATIONS:

CONCRETE VIBRATOR (STAND-TYPE)

2300W

F CV 2300

6 MONTHS WARRANTY

- Most-Powerful-In-Class, **2300W** Motor – Designed for heavy-duty running for long periods
- **Robust-Design-Stand** fitted to the machine gives stability while its running
- Strong **Metal Gear-Box** can withstand high-torque and high-frequency vibration
- Powerful **Gear-Transmission** generates high-torque translating into high-frequency vibration
- **Rocker** Switch – Dust-Proof & Water-Proof and High-Endurance for long-life
- **Branded Bearings** for low noise & low vibration

Most suited for:

Vibrator-Shaft
35mm / 50mm dia Needle
4M & 6M Shaft Length

✓ **Consolidation** of concrete by removing air-pockets by displacing air trapped inside
✓ **Compaction** of concrete by settling concrete evenly
✓ **Surface Finishing** by levelling and smoothening concrete mix

Machine # 40

Packing: 2 Pcs./Carton

SPECIFICATIONS:

Vibration Hose Dia.:	25/30/35/42mm
Rated Input Power:	2300W
Rated Voltage:	220 ~ 240V
Rated Frequency:	50 Hz
No-Load-Speed:	4000 rpm
Vibration frequency:	13,200 vpm
Horizontal Amplitude:	0.8mm
Vertical Amplitude:	1.64mm

BLOWER
(Variable Speed)
2.8CMM / 600W
F BL VS

Double Insulation

6 MONTHS WARRANTY

DUST & WATER TESTED

- **Powerful 600w,** Double Insulation, Copper winding motor
- **Light-weight** yet powerful tool construct
- **Variable-Speed dial** – Control speed as work demands
- **Easy-access switch** – built in the handle for single hand working
- **Dust-Proof-Trigger-Switch** – Easy to operate & Long life
- **Lock-On** feature - Continuous tool running
- Versatile **Two-tools-in-one**: Quickly converts to a vacuum
- **Branded Bearings** for low noise & low vibration

Most suited for:

- ✓ **Dusting and cleaning** : Ceilings, fans, AC vents, machines, equipment, etc.
- ✓ Blowing air after concrete cutting, stone carvings, etc.
- ✓ **Drying and Evaporation** : Floors, walls, cement joints, drying paint, ink, or adhesives **Inflation and Sealing**
- ✓ **Industrial and Commercial** building & offices maintenance
- ✓ **Agricultural** - Drying crops, grains, fruits, and vegetables
- ✓ **Horticultural** - Removing dry leaves and twigs, from greenhouses and gardens.

SPECIFICATIONS :

INPUT POWER : 600 W

WIND VOLUME : 2.8 CUBIC METER / MINUTE

RATED VOLTAGE : 220 V

NO LOAD SPEED : 0-13,000 rpm

HEAT GUN
(With 5 Attachments)
600°C / 1800W
F HG 600- 18

- **1800w** – Durable and powerful heat gun with variable temperature control
- **2-speed** blower settings for ease-of-operation
- **Rotary air-flow nozzle** distributes hot air evenly and efficiently
- **Special ceramic wall** around heating element prevents heat loss
- Delivers upto **600°C** Temperature at **500L/min**
- Easy-to-operate **slide-switch**
- **Extra-support rear stand** supports gun in up position for operator convenience
- **Ergonomic soft-grip handle** for operators' comfort
- **Special nozzle set** with each machine

Most suited for:

- ✓ **Painting and Decorating-** Paint stripping Drying paint
- ✓ **Automotive Repair-** Removing old adhesives, emblems, trim, and decals.
- ✓ **Shrink wrapping & tubing**
- ✓ **Plumbing and HVAC -** Removing old caulk and sealants from surfaces
- ✓ **Roofing and Construction-** Removing old roofing, shingles and tar, old vinyl flooring, etc.

Machine # 38

Packing: 6 Pcs./Carton

SPECIFICATIONS:

Working Temperature:	
Stage I	: 400 ℃
Stage II	: 600 ℃
Air Volume:	
Stage I	: 300L/Min
Stage II	: 500L/Min
Rated Input Power	: 1800 W
Rated Voltage	: 220V
Rated Frequency	: 50 Hz

PAINT MIXER (Variable Speed)

1200W

F PM 1200 VS

Double Insulation

6 MONTHS WARRANTY

DUST & WATER TESTED

- **Most-Power-In-Class 1200w,** Double Insulation motor – Safe tool for workman operating in water-soaked working conditions
- **High-Torque** – most suitable mixing / blending paint, putty, resins, chemicals, etc.
- Comfortable ergonomic **twin-handle** ensures weight balance and from grip while mixing
- **Infinite variable-speed** for mixing without splashing
- **Dust-Proof-Trigger-Switch** – Easy to operate & Long life
- **Lock-On** feature - Continuous tool running
- **Robust construct** machine with strong M14 spindle mixing paddle
- **Branded Bearings** for low noise & low vibration

Most suited for:

- ✓ Mixing paints, stains, and varnishes
- ✓ Mixing epoxies, polyurethanes, and acrylics
- ✓ Mixing / Blending Automotive paint, coatings, and other materials
- ✓ Mixing primers, topcoats, and sealants
- ✓ Blending adhesives, composites, for various industrial applications
- ✓ Mixing antifouling coatings to prevent marine growth and corrosion.

SPECIFICATIONS:

Spindle Size	:M14
Rated Input Power	:1200W
Rated Voltage	:220 ~ 240V
Rated Frequency	:50Hz
No-Load-Speed	:0 - 680rpm
